11U SPECIFIC GAMEPLAY

All games will have a first pitch time of 6:30pm unless the start time is delayed by inclement weather. No new innings shall start after 8:15pm and the final score will be the score at the time of the last completed inning.

- In the event of a delayed start, no new inning shall start after 1 hour and 45 minutes after the first pitch of the game
- No game shall start after 7:15pm

Games will be a maximum of 6 innings or number of completed innings within the 1 hour and 45 minute game time limit.

A 10 run mercy rule is in effect: A 10 run differential when the losing team has completed their 4th offensive inning/at bat.

A team may score a maximum of 6 runs per inning.

In league play there will be no open innings.

The infield fly rule will not be in effect for the 11U level.

Lead offs are not permitted.

No runner can leave their base or attempt to steal the next base before the ball crosses home plate or is put into play. Players may also advance on a passed ball or when an overthrow occurs as the play is considered live and the ball is still in play. If there is a violation, the runner is returned to their previous base and the ball is dead.

- An overthrow from the catcher to the pitcher is not considered a live ball and advancing to the next base on this overthrow is not permitted. If there is a violation the runner is returned to their previous base and the ball is dead.
- When the pitcher receives the ball and takes their place on the rubber and the catcher is in position, all runners must return to the base they were occupying.

A runner at third base cannot advance home unless the ball is put into play by the batter or the pitcher/catcher attempts to make a defensive play such as a pick off. If there is a violation the runner is returned to their previous base and the ball is dead.

No bunts are allowed. If there is a violation, the ball is dead and a strike is called on the batter.

The batter cannot become a runner on a catcher's miss of a third strike. The third strike, either called or swinging does not have to be caught by the catcher. The batter is automatically retired. However the ball is live and in play for runners that are on base.

In the event that a player pitcher throws four balls in an at bat, a coach pitcher will be utilized. After the fourth ball is thrown, a coach pitcher from the hitting team will throw one to three pitches to the hitter from a distance of approximately thirty feet with as minimum arc as possible to mimic the pitch from an 11U pitcher.

Pitch speed may be adjusted for the batter's skill level. If the batter does not put the ball in play after their last hittable coach pitch, they will be called out. The player pitcher would then return to the mound to pitch to a new hitter and the coach would leave the field.

of Pitches allowed by coach pitcher once four balls have been pitched by player pitcher to a batter:

- 0 strikes thrown by player pitcher in at bat = up to three pitches from coach pitcher
- 1 strike thrown by player pitcher in at bat = up to two pitches from coach pitcher
- 2 strikes thrown by player pitcher in at bat = one pitch from the coach pitcher

A coach pitcher would be permitted one do-over pitch should the last pitch allowed be deemed unhittable.
